Benefits and Features

- Suited for 22mm and 30mm push button
- Four way keyed
- Body Made of Gray Polycarbonate (PC) resin 10% glass fiber filled
- Cover made of Gray Polycarbonate (PC)
- High impact resistance
- IP-67 TUV rating to keep out dust and water in extreme conditions.
- UL508 / NEMA type 4X and type 6 listed #E343339.
- RoHs compliant
- UL industrial controls & CE Low Voltage directive 2006/95/EC listed
- Non-chlorinated & non-brominated flame retardant With UL-94 V0 rating.
- Suitable for outdoor use with respect to exposure to Ultraviolet Light, Water Exposure and Immersion in accordance with UL 746C.
- Nonmetallic captive screws without the risk of stripping.
- Good chemical resistance
- Continuous gasket

Accessories

- External Mounting brackets steel or plastic
- Cable Glands

Applications

- Control Boxes
- Terminal blocks
- Motor starters
- Lighting
- Corrosive Environments
- Chemical Plants
- General Factory Environments

Competition and Competitive Advantages

- Non-metallic enclosures manufactured by Fibox, Hoffman
- Low costs
- Lighter weight than steel box while retaining durability and strength for most applications

Related Products

- Push Button Boxes (Steel) (Bud's SPB Series)

Key Customer Contacts

- Industrial Engineers
- Machine designers
- Design Engineers
- Plant Maintenance Foremen

Questions to Ask

- Who designs or specifies your enclosures?
- Is there a need for extra strength from added fiberglass

Availability

- April 2014
