

Specification Sheet

Part Number: 596-00992

Pre-Printed Signal Word labels come with the header pre-printed in colors so that only one color of ribbon is needed to complete the message panel.

Labels are pre-made to the most recent ANSI standards so that code compliance is assured.

Pre-Printed Signal Panel labels can be printed using standard thermal transfer printers to reduce labor, eliminate minimum orders and allow the user to create labels on demand when needed.

Pre-Printed Header Label, CAUTION, Perforated, 2.7" X 5.5", PET, Yellow, 250/roll

| Color               | Yellow (YE)                                                                                                                                                                                                                                                                                                                                                                                                             |
| Quantity Per        | pack                                                                                                                                                                                                                                                                                                                                                                                                                    |
| Product Description | Pre-Printed Signal Word Labels come pre-printed with NOTICE, CAUTION, DANGER and SAFETY headers in blue, yellow, red and green as defined by ANSI Z535. The variable body text can be printed using TagPrint Pro labeling software and the HellermannTyton line of thermal transfer printers or any standard thermal transfer printer. Only one color needs to be printed to complete the label, saving time and money. |

|                           |                                                                                   |
