

TECHNICAL DATA SHEET

Part No. MK9SST
Article No. 110-95000
Type MK9SST

With its lightweight, ergonomic design, the MK9SST is an ideal tool for applying MBT-series stainless steel cable ties. As tough as these ties are, the MK9SST cuts and tensions without operator fatigue or strain. Tensioning is fully adjustable using a quick, two-level control with an additional fine setting. This avoids damage to bundles. Cable ties are cut off automatically flush with the head when the preset tensioning level has been reached.

Material	Polyamide 6.6, glass fiber reinforced (PA66GF30)
UV Resistant	No
Use Conditions	For Indoor Use Only
Color	Gray (GY)
Pkg. Qty.	1
Carton Qty.	20
Customs Number	8205599000

Description	Mark 9 Stainless Steel Tie Tensioning and Cut-Off Tool
For Cable Tie Series	MBT-Series
For Cable Tie Width (metric)	4.5 - 16.0 mm
Max. Cable Tie Thickness (imperial)	0.02 "
Max. Cable Tie Thickness (metric)	0.48 mm
Operation	manual
Tension Setting	Adjustable
