

TECHNICAL DATA SHEET

Part No. PRT1
Article No. 182-00001
Type PRT1

HellermannTyton panel rivets are one piece drive rivets that provide a fast, economic means of affixing wiring duct. The rivet is inserted into a 3/16" pre-punched hole and the pin is driven into the base, thereby expanding the rivet legs and locking the duct and sub-panel in place. The panel thickness (including the duct thickness) should be a maximum of 3/16". A panel rivet tool is also available for quick and easy installation of the drive rivets.

Description

Panel Rivet Tool

Material	Plastic (PL)
Flammability	UL 94 HB
Halogen Free	No
UV Resistant	No
Use Conditions	For Indoor Use Only
Color	Yellow (YE)
Pkg. Qty.	1
Carton Qty.	100
Customs Number	3926909988
