

# TECHNICAL DATA SHEET

**Part No.** TAG49L-105  
**Article No.** 594-49105  
**Type** TAG49L

HellermannTyton's self-laminating labels are used for marking wires and cable. The clear tail overlaps and protects the printed information from abrasion, chemicals and solvents and resists UV exposure. When printed using a laser printer, clear marking and high high-contrast imaging against the wire make this the perfect choice for durable identification.

|                              |                                   |
|------------------------------|-----------------------------------|
| <b>Material</b>              | Type 105, Polyester, white (105)  |
| <b>Adhesive</b>              | Acrylic                           |
| <b>Operating Temperature</b> | -40°F to +300°F (-40°C to +149°C) |
| <b>Halogen Free</b>          | No                                |
| <b>UV Resistant</b>          | No                                |
| <b>Use Conditions</b>        | For Indoor Use Only               |
| <b>Color</b>                 | White (WH)                        |
| <b>Pkg. Qty.</b>             | 2500                              |
| <b>Carton Qty.</b>           | 20                                |
| <b>Customs Number</b>        | 3919905060                        |
