Part No. TAG65L-105
Article No. 594-65105
Type TAG65L

HellermannTyton's self-laminating labels are used for marking wires and cable. The clear tail overlaps and protects the printed information from abrasion, chemicals and solvents and resists UV exposure. When printed using a laser printer, clear marking and high high-contrast imaging against the wire make this the perfect choice for durable identification.
