

Soldering fixture (W442)

74\_Z-0-0-442

Properties

- Broad selection of RF connector tools
- Easy to work with
- Simplified and quick installation
- High availability of products

| General data           |                                            |
|------------------------|--------------------------------------------|
| Technology             | Radio Frequency                            |
| Intended use           | Soldering                                  |
| Type of tool           | Soldering tool                             |
| Used for product group | Connectors                                 |
| Used for               | BMA                                        |
|                        | SK                                         |
|                        | SMA                                        |
|                        | N                                          |
| Used with              | 74_Z-0-0-374 support for Soldering fixture |

| Additional Information                                                              |
|-------------------------------------------------------------------------------------|
| Operating instruction DOC-0000201724                                                |
| For cable dimensions 047, 086, 118, 141 (EZ, Sucoform, Multiflex)                   |
| can also be used without soldering support W374, e.g. mounted/assembling on a table |
