

# Keystone Jack Cat6/Cat5e, RJ45, Shuttered, Dust Cap - Toolless, PoE/PoE+ Compliant, White, TAA

MODEL NUMBER: N238-001-GY-TF

Toolless RJ45 keystone jack lets you terminate your Cat6/5e network patch cable without using a punchdown tool.

## Features

**Toolless Keystone Jack Strengthens Your High-Speed Cat5e/Cat6 Network** Terminate your network patch cable without the time, effort and expense of a punchdown tool. Ideal for Cat6 premise wiring, the RJ45 keystone jack snaps into wall plates, patch panels and surface-mount boxes and works with all shielded Cat6 cables. Toolless punchdown connection is compatible with 22–24 AWG solid wire cabling. A shutter/dust cap protects the jack from dust and other contaminants when not in use.

**Specifically Designed for Use in Surveillance, VoIP and Other PoE+ Applications** This PoE+ (Power over Ethernet) jack prevents spark-gap erosion that degrades the plug and jack contacts over time and can affect data and/or power transmission capabilities to maximize performance with PoE applications. The N238-001-GY-TF handles the frequent mating and unmating of surveillance cameras, VoIP phone systems, wireless access points and other PoE and PoE+ devices under electrical load.

**TAA-Compliant for GSA Schedule Purchases** The N238-001-GY-TF is compliant with the Federal Trade Agreements Act (TAA), which makes it eligible for GSA (General Services Administration) Schedule and other federal procurement contracts.

## Specifications

OVERVIEW	
UPC Code	037332236197
Product Type	RJ45 Keystone Jack
Technology	Cat5/5e; Cat6
CONNECTIONS	
Number of Ports	1
Side A - Connector 1	RJ45 (FEMALE)

## Highlights

- Keystone design compatible with wall plates, patch panels and surface-mount boxes
- RJ45 termination is quick and easy with no punchdown tools required
- PoE+ compliant jack is recommended for Cat6 premise wiring
- Specially designed to prevent spark-gap erosion that can affect transmission
- Includes shutter/dust cap to protect end from dust and debris when not in use

## Applications

- Connect a Cat5e/6 network with PoE+ devices mounted in areas that are difficult to reach or have no electrical outlets
- Set up indoor digital signage in offices, hotels, restaurants, bars, bus stations and airports

## Package Includes

- N238-001-GY-TF Keystone Jack Cat6/Cat5e, White, TAA
- Shutter/dust cap
- Quick Start Guide
