

## USB-C Cable (M/M), USB 2.0, 5A (100W) Rated, USB-IF Certified, 13 ft. (3.96 m)

MODEL NUMBER: U040-C13-C-5A

Connects a smartphone or other USB-C device to your laptop, MacBook, Chromebook or Ultrabook's USB-C or Thunderbolt 3 port.

### Features

**USB-C to USB-C Cable Connects 2 USB-C Devices, Including MacBooks and Smartphones** This 13-ft. (3.96 m) USB Type-C to Type-C cable allows you to connect one USB-C device to another. For instance, a laptop to a docking station, your smartphone to a wall charger, or a hard drive or flash drive to a computer or tablet. The USB-C to C cable is compatible with any device with a USB-C or Thunderbolt 3 port, including MacBooks, Ultrabooks and Chromebooks.

**PD Charging Cable Charges Devices and Transfers Data at USB 2.0 Speeds** The Power Delivery cable supports USB 2.0 data transfer rates up to 480 Mbps. It also provides power output up to 5 amps (100 watts), which is sufficient for fast-charging, syncing and powering most high-capacity devices, including the MacBook Pro. The USB Type-C to USB Type-C cable is backward compatible with previous USB generations, allowing you to use it with older equipment.

**Reversible USB-C Connectors Attach in Either Direction** Unlike traditional USB cables that connect in only one direction, the reversible USB-C male connectors plug into a USB-C or Thunderbolt 3 port in either direction for a fumble-free connection every time.

**USB-IF Certification Ensures Rigorous Testing and Top-of-the-Line Performance** This cable meets the high standards of USB-IF (USB Implementers Forum, Inc.), a non-profit organization consisting of companies that developed the USB specification. Receiving USB-IF certification means the U040-C13-C-5A meets the industry's highest environmental, mechanical and electrical standards. It operates with your USB peripherals, adapters and cables with top efficiency and safety.
