

Desk-Clamp Monitor Riser with Storage Drawer, TAA

MODEL NUMBER: **WWSSC2414TAA**

Monitor riser stand frees up space on your desktop by raising your computer monitor to a comfortable height.

Features

Monitor Riser Stand Lifts Your Screen for More Comfortable Viewing and Storage Space

This monitor stand riser is ergonomically designed to help ease strain in your neck and eyes at home, school or the office. By raising your monitor 6.5 inches (165 millimeters) above the level of your workspace, the WWSSC2414TAA provides better viewing closer to eye level. Lifting your monitor also frees up valuable space on your desk, table or counter at home, school or office.

Easy to Set Up in Just a Few Minutes with No Tools or Permanent Mounting Required

The WWSSC2414TAA assembles quickly using the included hardware and clamps to a flat surface ranging from 1.2 inches (30 millimeters) to 2.8 inches (70 millimeters) thick. It supports monitors, laptops, small printers and other devices weighing up to 40 pounds (18 kilograms). Heavy-duty C-clamps secure the riser in place, but still allow it to be easily moved to a different location if desired. A built-in storage drawer keeps necessary office supplies at your fingertips.

TAA-Compliant for GSA Schedule Purchases

The WWSSC2414TAA is compliant with the Federal Trade Agreements Act (TAA), which makes it eligible for GSA (General Services Administration) Schedule and other federal procurement contracts.

Specifications

OVERVIEW
