Fixed Shelf Rail Adapter FSRA Series

The FSRA was developed specifically for EIA rack mounting fixed mounting shelves that use combination rails but do not feature rack rail flanges.

Features

- Constructed in 12-gauge steel
- Use to rack-mount fixed shelves, and angle supports mounting rails such as the **C4PR** and **CLSR**.
- While the FSRA may be compatible with other rack vendors, it was designed for use with the following Hammond rack accessories:
 - Fixed Shelves - **RF**, **RZVS**, and **RASC**.
 - Angle Supports - **RASA**
- Maintains shelf and angle weight load capacities.
- Includes four (4) brackets.
- Includes sixteen (16) 10-32 Screws and Cage Nuts
- Finished in smooth RAL9005 black powder paint finish.
- TAA-compliant for GSA Schedule purchases.
- RoHS and REACH compliant.
- Manufactured in North America.

Part No.	Overall Dimensions			Rack Units
	Height	Width	Depth	
FSRA	1.72	0.59	2.72	1U
