

## WXMP MS Set

Item No: T0052921799N

Micro soldering iron WXMP MS with safety rest

## KEY FEATURES

- + Intelligent Micro soldering iron 40 W, 12 V
- + Military Standard
- + For very small components with high energy demand
- + For miniature works under a microscope
- + Excellent heat transfer and sensors
- + Parameter memory such as standby temperatures, automatic switch-off time
- + Reduces total costs of ownership due to motion sensor
- + RT solder tips can be changed quickly and easily
- + Active Tip (Cartridge)-System allows exchange of soldering tip despite a hot soldering iron

# TECHNICAL DATA

|                                                 |                                |
|-------------------------------------------------|--------------------------------|
| Approximate Heating Time (50–350 °C/120–660 °F) | 5 sec                          |
| ESD Safe                                        | Yes                            |
| Integrated Direct Extraction                    | T0052918599                    |
| Power                                           | 40 W                           |
| Supply Unit                                     | WX1 WX2 WXA2 WXD2 WXR3 WXsmart |
| Temperature Range (Depends on Tool)             | 93 - 454°C                     |
| Temperature Range °C                            | 100 - 450 °C                   |
| Temperature Range °F                            | 200 - 850 °F                   |
| Tip Range                                       | RTM MS                         |
| Tip Type                                        | RTM- MS                        |
| UPC                                             | 037103305008                   |
| Works With                                      | WX1 WX2 WXA2 WXD2 WXR3 WXsmart |
| Product Family                                  | WX Soldering Irons             |
