

Mid Flex Glow Rod, 30-Foot

Klein Glow Fish Rods are the perfect solution for running wires through drop ceilings, attics, floors, walls and crawl spaces. This Mid flexibility rod is designed to bend enough to maneuver, but remain rigid to push longer distances. The Splinterguard™ coating glows bright yellow to quickly identify the right flex for the job and improves visibility in low-light applications. This 30-Foot rod includes a bullet and hook.
