

Bus Socket DIP 13.2

SKU:A089

ACCESSORY
**BusSocket
DIP 13.2**

M5STACK

Description

The **Bus Socket DIP 13.2** is an M5-Bus bus expansion female header set, including 10 pieces of 2x15P female headers. The spacing and pin count of these headers are consistent with those on the Core, making them suitable for DIY circuit designs and connecting to the M5 main controller.

Features

- Female Header 2x15 @ 2.54mm

Includes

- 10 x Bus Socket DIP 13.2

Applications

- DIY Projects
