## Technical data

### Product properties

|                     |                            |
|---------------------|----------------------------|
| Product type        | Building management system |
| Area of application | Building technology        |

### System properties

|                               |             |
|-------------------------------|-------------|
| Type of software              | On-premises |
| Intended use for the software | Automation  |

### License information

|                  |                     |
|------------------|---------------------|
| Type of license  | Maintenance license |
| License duration | 3 Years             |

### Functionality

|                       |                  |
|-----------------------|------------------|
| Integrated function   | Analysis         |
|                       | Data acquisition |
|                       | Diagnostics      |
|                       | Startup          |
|                       | Communication    |
|                       | Configuration    |
|                       | Project planning |
|                       | Simulation       |
| Target system         | Server           |
| Supported controllers | ILC 2050 BI      |
| Number of data points | not relevant     |
| Number of clients     | 1                |

### System requirements

|                     |                                |
|---------------------|--------------------------------|
| Languages supported | German, English                |
| Screen resolution   | 1024 x 768 pixel(s) ,or higher |
