

## Power Extension Cord/Splitter, NEMA L6-20P to 2x NEMA L6-20R Y Splitter, Heavy-Duty - 20A, 250V, 10 AWG, 1 ft. (0.31 m), Black

MODEL NUMBER: P039-001-2

L6-20P to L6-20R splitter allows two devices with NEMA L6-20P plugs to share one AC power input cord and one NEMA L6-20R outlet.

### Features

**Heavy-Duty Y-Style Splitter Cables Connects 2 Devices with L6-20P Plugs to One AC Outlet** This Y splitter cable features 10 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. With this extension cord splitter, a single NEMA L6-20R outlet can power two devices, such as PDUs, UPS systems, instrument amplifiers and other equipment compatible with a NEMA L6-20P plug. Ideal for areas where AC outlets are limited, such as rack cabinets or small network closets, this L6-20P to L6-20R Y splitter is compatible with most power and extension cords. The 1-ft. (0.3 m) length helps reduce cable clutter.

**Locking Connectors Help Prevent Accidental Disconnection and Expensive Downtime** Having a cable come loose accidentally can mean the loss of power and costly downtime. Locking connectors on each end help you avoid such danger, protecting critical equipment by maintaining a secure link without failure. The locking cable is also invaluable when moving equipment in a rack or removing equipment from tight areas, ensuring the power cord always stays connected.

## Specifications

| OVERVIEW                    |  |
|-----------------------------|--|
| UPC Code                    | 037332148025                             |
| Device Compatibility        | Server; Router; Network Switch; UPS; PDU |
| Country/Region              | North America                            |
| INPUT                       |  |
| Maximum Input Amps          | 20                                       |
| Voltage Compatibility (VAC) | 100-250                                  |

### Highlights

- Connects 2 devices to one AC outlet to save space and reduce cable clutter
- Recommended for powering dual PDUs, UPS systems or other heavy-duty devices
- Adds 1-ft. (0.31 m) to your existing power connection to provide flexibility in placing devices
- Locking connectors maintain secure link to avoid loss of power and costly downtime
- Thick 10 AWG wire gauge manages high power levels required for larger equipment

### Applications

- Connect 2 devices like PDUs and UPS systems to one power outlet up to 1-ft. (0.31 m) away in your office or work space
- Save space in a 0U vertical rack-mount PDU by plugging two rack devices into one outlet
- Update or replace the standard power cord provided by a device's original manufacturer

### Package Includes

P039-001-2 L6-20P to 2x L6-20R Y Splitter, 1-ft. (0.31 m), Black
