

SmartRack Fixed Standoff Security Cage for Rack Equipment, 2U, Rear

MODEL NUMBER: SR2UCAGEREAR

Locking security cage protects rack equipment and cabling against damage, tampering, theft and unauthorized access.

Features

2U Rear Rack Accessory Helps Secure Essential Rack-Mounted Equipment

This SmartRack® security panel installs on the back of your EIA-standard 19-inch rack cabinet or 2- or 4-post open frame rack to keep your connected equipment, cabling and accessories safe. Made from cold-rolled steel with a durable black powder-coated finish, the SR2UCAGEREAR helps protect your equipment against damage, tampering, theft or other unauthorized access. This security cage is essential for racks located in shared spaces or areas with public access.

Easy to Install over Existing Rack Equipment with Included Hardware

Ideal for data centers, wiring closets, back offices or anywhere else with rack-mount equipment, the SR2UCAGEREAR comes with necessary tamper-proof mounting hardware. Cable access ports on either end allow convenient cable entry and exit. The cage's perforated design allows constant airflow to help keep equipment cool and lets you monitor equipment without opening the cage.

Highlights

Access ports on either end allow convenient cable entry and exit
Heavy-duty steel construction designed to hold up in busy IT environments
Perforated design allows airflow to equipment and visual monitoring of equipment
Easy to install over existing rack equipment with included mounting hardware
Recommended for racks located in shared spaces or areas with public access

Package Includes

2U Cage
M6 security screws
