

VR Link Active Optical Cable (AOC) for Meta Quest 2, USB-A to USB-C (M/M), USB 3.2 Gen 1, 5 m (16.4 ft.)

MODEL NUMBER: UVR-05M-CA-AOC

Connects your Quest or Quest 2 headset to a compatible gaming computer for realistic virtual reality gameplay.

Features

Virtual Reality Active Optical Cable Allows Digital Gaming and Charges Your VR Headset

The lightweight UVR-05M-CA-AOC connects a VR headset, such as a Meta Quest 2 or Oculus Quest 2, to the USB-A port on a PC or laptop. The USB-A to USB-C (M/M) cable not only allows action-filled online gaming, but it also charges the headset during use, so you'll never have to worry about it running out of power in the middle of a game. It's plug and play with no software to download, so you can get started right away.

Compatible with Fast USB 3.2 Gen 1 Speeds

The UVR-05M-CA-AOC supports 5 Gbps data transfer rates, allowing you to access digital libraries of video games and applications that can only be operated while the headset is connected to a PC or laptop. The active optical cable is capable of charging a VR headset, smartphone or other USB-C device with up to 18W of power.

Extra Length Gives You Plenty of Room to Maneuver

The five-meter (16.4-foot) fiber optic cable weighs less than one pound, making it highly flexible for effortless movement without snagging during intense gameplay. The right-angle USB-C plug provides a secure connection to the headset and prevents accidental disconnections that can ruin your VR session.

Specifications

OVERVIEW	
UPC Code	037332284150
Technology	Thunderbolt; USB 3.x
Cable Type	Active
INPUT	

Highlights

- Fiber optic cable connects the USB-C input on a VR headset to a computer's USB-A port
- Allows exciting digital gameplay while simultaneously charging the headset during use
- Supports USB 3.2 Gen 1 speeds up to 5 Gbps to ensure fast data transfers
- Lightweight 5-meter cable gives you plenty of room to move around while connected
- Slim right-angle USB-C plug connects securely to avoid disconnection during gaming

System Requirements

- VR headset, such as Meta Quest or Meta Quest 2, or other USB-C device
- Host PC or laptop with USB-A port (USB 3.2 Gen 1 compatibility required to attain USB 3.2 Gen 1 speeds)

Package Includes

UVR-05M-CA-AOC VR Link Cable for Meta Quest 2, 5 m (16.4 ft.)
