

## Technical data sheet

### Cable fittings and accessories

---

#### Plastic and metal accessories

---

#### Identification

|          |                                  |
|----------|----------------------------------|
| Type     | TOP-T Multihole Insert TPE 10-14 |
| Part No. | MHC0304                          |

---

#### Product version

|                   |    |
|-------------------|----|
| Datasheet version | 00 |
|-------------------|----|

---

#### Use/Application/Properties

|            |                                                                                                                                                                                                                                                  |
|------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Properties | <ul style="list-style-type: none"><li>• Multiple hole insert for two or more cables in one fitting</li><li>• Replaces the existing rubber insert to offer multiple hole installation</li><li>• Suitable for plastic and metal fittings</li></ul> |
|------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

---

#### Technical data

|                        |          |
|------------------------|----------|
| Number of cables       | 3        |
| Cable diameter max.    | 4 mm     |
| Replaces standard seal | 10–14 mm |
| Outer Ø                | 18 mm    |

---

#### Construction

|          |     |
|----------|-----|
| Material | TPE |
|----------|-----|
