Full product documentation, files and tutorials: solde.red/555083

CORE ATTRIBUTES

SKU **555083**

WEIGHT **118 g**

BARCODE **108331**

DESCRIPTION

A clean soldering iron is essential for producing high-quality solder joints. This cleaning net enables fast and effective tip cleaning by simply inserting the soldering iron into the mesh. When the net becomes saturated with solder, remove it from the housing, clear away the excess solder, reinstall it, and continue using it.
