

Data sheet

6GK5792-8DN00-0AA6

product type designation

Antenna ANT792-8DN

ANT792-8DN WLAN antenna with strong directional effect incl. N-female plug: 14 dBi, IP23, outdoor, (-40-+70 °C); 2.4 GHz, Wi-Fi compliance observe national approvals; mounting on wall or mast, compact instructions as hard copy German/English, scope of delivery: 1x ANT792-8DN, 1x mounting aid for alignment 1x mounting aid for alignment .

Technical Product Detail Page

radio frequencies

| | |
|---|-----------------|
| type of wireless network / is supported | WLAN |
| operating frequency | |
| • for WLAN in 2.4 GHz frequency band | 2.4 ... 2.7 GHz |

electrical data

| | |
|---|-----------------|
| antenna gain compared to spherical radiator | |
| • of the WLAN antenna / in the 2.4 GHz frequency band | 14 dB |
| impedance | 50 Ω |
| polarization | Linear Vertical |
| radiation characteristic | directional |
| standing wave ratio (VSWR) / maximum | 1.5 |
| radiating angle of the antenna | |
| • in the 2.4 GHz frequency band / horizontal | 35° |
| • in the 2.4 GHz frequency band / vertical | 30° |
| number of electrical connections / of the antenna | 1 |
| type of electrical connection / of the antenna | N-Connector |
| design of plug-in connection | female |
| angle of inclination / downward / maximum | 0° |
| front-to-back ratio | 20 dB |

mechanical data

| | |
|------------------|-----|
| material | |
| • of outer shell | ASA |

ambient conditions

| | |
|---------------------|-------------------|
| ambient temperature | |
| • during operation | -40 ... +80 °C |
| • during storage | -40 ... +80 °C |
| • during transport | -40 ... +80 °C |
| protection class IP | IP23 |
| wind load / maximum | 57 N; at 160 km/h |

design, dimensions and weights

| | |
|------------------|--------|
| width | 200 mm |
| height | 200 mm |
| depth | 43 mm |
| net weight | 500 g |
| fastening method | |
| • mast mounting | Yes |
| • wall mounting | Yes |

| | |
|--|--|
| • roof mounting | No |
| • directly on the device | No |
| product features, product functions, product components / general | |
| product feature / silicon-free | Yes |
| standards, specifications, approvals | |
| certificate of suitability | |
| • RoHS conformity | Yes |
| wireless approval | Current national approvals can be found on the Internet under www.siemens.com/funkzulassungen |

| security information | |
| security information | <p>Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7)</p> |
