SIEMENS

Data sheet

6GK5980-3CB00-0AA7

product type designation	**IE connecting cable SFP+/SFP+, 7 m**
product description	preassembled 10G IE connecting cable with two SFP-plus connectors, length 7 m
	IE cable SFP+/SFP+; pre-assembled IE cable with SFP-plus connectors; 1 pack=1 unit, length 7 m.

Technical Product Detail Page	https://i.siemens.com/1P6GK5980-3CB00-0AA7
cable designation	02YS(ST)CY 2X2X0,5/1,53-100 VS PPIMF
wire length	7 m
electrical data	
number of electrical connections	2
attenuation factor per length	
● at 600 MHz / maximum	0.59 dB/m
impedance	
● rated value	100 Ω
mechanical data	
number of electrical cores	4
design of the shield	Overlapped aluminum-clad foil, sheathed in a braided screen of tin-plated copper wires
AWG number	24
outer diameter	
● of cable sheath	6 mm
material	
● of cable sheath	PVC
color	
● of cable sheath	Black
bending radius	
● with single bend / minimum permissible	30 mm
● with multiple bends / minimum permissible	60 mm
weight per length	46 kg/km
ambient conditions	
ambient temperature	
● during operation	-25 ... +80 °C
● during storage	-25 ... +80 °C
● during transport	-25 ... +80 °C
● during installation	80 °C
● note	Electrical properties measured at 20 °C, tests according to DIN 47250 part 4 respectively DIN VDE 0472
fire behavior	flame resistant according to IEC 60332-1-2/60332-3-24 (Category C) and UL
protection class IP	IP20
product features, product functions, product components / general	
product feature	
● halogen-free	No

● silicon-free	No
standards, specifications, approvals	
certificate of suitability	
● RoHS conformity	Yes

security information	
security information	Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7)

Approvals / Certificates

General Product Approval

EAC	CE EG-Konf.	Declaration of Conformity	UKCA	CCC	China RoHS
