

Data sheet

6GK5980-4AA00-0AA5

product type designation

Mounting screw for SCALANCE on S7-1500 rail

Mounting screw; Fixing screw for SCALANCE X/W/M; for mounting on S7-1500 and S7-300 rail 1 pack=5 units; spare part.

Technical Product Detail Page

<https://i.siemens.com/1P6GK5980-4AA00-0AA5>

suitability for use

Mounting screw for SCALANCE XM-400

design, dimensions and weights

design of the screw head	combination drive
design of the screw head / slot	Yes; 5 mm
design of the screw head / torx	Yes; TX20
design of the thread	thread-forming

standards, specifications, approvals

reference code	
• according to IEC 81346-2:2019	UQB

Security information

security information

Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under <https://www.siemens.com/cert>. (V4.7)
