Catalog No. 60935

Description: AL REDUCE SPLICE 1CU 2/0AL OLV

UPC No 786210609355

Home > Connectivity & Grounding > Color Keyed / Blackburn > Wire or cable compression splice

Aluminum Reducing Splice Connector for Copper Wire Size 1, Aluminum Wire Size 2/0, Tin Plated, Die Code 54, Die Color Code Olive

Descriptors

Category	Wire or cable compression splice
Special Features	Filled with high-temperature oxide inhibiting compound.

Specifications

Conductor Range	#1 AWG
Material	Aluminum
Finish	Tin Plated
Color	Olive
Voltage Rating	600 V
Insulation	None
Temperature Rating	90 C

Classifications

Brand Name	Color Keyed / Blackburn
Standard	UL E9809 UL E9809

Compliance and Certifications

RoHS	RoHS3 Compliant
TSCA	TSCA Section 6(h) Compliant

ETIM	EC001059 Crimp splices for copper conductor
AWG-range	1-1
Surface protection	Tinned
Insulation	None
Voltage level	Up to 600 V
