Catalog No. DS3504MRAB0

Description: 30A,NLT,4P5W,MG,277/480V,SC

UPC No 708917300977

Home > Connectivity & Grounding > Russellstoll > Electrical plugs

MaxGard Male Inlet with Angle Adapter and Junction Box, 30 Amp, 4 Pole 5 Wire, 30Y 277/480V, 60Hz

Descriptors

| | |
|------------------|---|
| Category | Electrical plugs |
| Special Features | Waterproof construction provides environmental separation at the front of each device (they don't have to be connected together just to be called "watertight"). |
| Application | For use in "People Movers" which require aire conditioning and heater unit power when docked at end of line locations for maintenance and overhaul, ex: Dulles Airport. |
