Commercial Grade TNC Male to BNC Female Adapter

PE910084

Configuration

- TNC Male Connector 1
- BNC Female Connector 2
- 50 Ohms Impedance
- Commercial Grade Design
- Straight Body Geometry

Applications

- Allows Connection Between Series
- General Purpose Test

Description

Pasternack's PE910084 TNC male to BNC female adapter is part of our full line of RF components available for same-day shipping. Our TNC to BNC adapter has a male to female gender configuration in a commercial grade design.

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Pasternack also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

Electrical Specifications

Description	Minimum	Typical	Maximum	Units
Impedance		50		Ohms

Mechanical Specifications

Size

Length	1.24 in [31.50 mm]
Width	0.57 in [14.48 mm]
Height	0.57 in [14.48 mm]
Weight	0.02 lbs [9.07 g]

Description	Connector 1	Connector 2
Polarity	Standard	Standard

Material Specifications

	Connector 1		Connector 2	
Description	Material	Plating	Material	Plating
Type	TNC Male		BNC Female	
Contact	Brass	Gold over Nickel	Brass	Au Over Ni
Insulation	POM		POM	
Outer Conductor	Brass	Nickel	Brass	Nickel
