

Single Desk-Mount Monitor Arm - Full Motion Articulating - Steel - For up to 34" (15.4lb/7kg)  
Displays - TAA

**Product ID:** ARMSLIM

This slim, articulating desk-mount monitor arm lets you mount a flat-panel display to free up space on your desk or table. The full motion articulating arm make it easy to position your monitor for the perfect viewing angle and optimal comfort.

With a stylish, slim design that looks great and takes up only a small amount of desk space, the single monitor arm lets you locate your display as needed while reclaiming valuable workspace. The monitor mount supports 12" to 34" displays with a maximum weight capacity of 15 lb. (7 kg). Mounting your display above the desk surface enables you to adjust your display height, position and viewing angles easily, for an ergonomic work environment.

The full motion mount lets you extend the arm a full 23.46" (596 mm). Position your monitor for ideal viewing with the articulating monitor arm. You can tilt and swivel your display with a full range of motion across multiple axes. The spring-assisted height adjustment lets you raise or lower your monitor with smooth and effortless positioning. For viewing longer pages or blocks of code without having to scroll down your screen, the adjustable monitor arm also supports landscape-to-portrait display rotation.

With its durable steel construction, the display mount securely holds your computer monitor. Setting up is easy. You can either clamp the mount to the side of your desk or table, or mount it through a grommet hole (hardware included). The adjustable arm features a helpful indicator area to help configure the desired level of resistance for moving the display. The integrated cable management channel keeps things neat and organized.

The TAA compliant ARMSLIM monitor arm is backed by a StarTech.com 10-year warranty and free, lifetime technical support.

## Certifications, Reports and Compatibility

## Applications

- Mount a display to the side of your desk, table or counter with a wide range of adjustment capability
- Grommet mount your display through a desk and position as needed
- Rotate displays to portrait orientation for web design and coding

## Features

- HEAVY DUTY MONITOR MOUNT: VESA 75x75/100x100mm compatible displays up to 26" or 34" 21:9 aspect ratio (ultrawide); Flat screen/curved/ultrawide; Max weight 15.5lb/7kg with weight indicator; Black aluminum alloy and metal construction
- MECHANICAL SPRING ONE-TOUCH ADJUSTMENT: The full motion arm is designed with mechanical springs of the highest quality that have passed a 10,000 cycle test and are covered by a 10-year warranty. The monitor mount is also TAA compliant
- SPACIOUS AND ORGANIZED WORKSPACE: Space-saving design enhances the work area with built-in adjustable cable management along the arm. Extend the arm away from the base to serve ergonomic needs to improve comfort and productivity
- WIDE RANGE OF MOTION: Articulating arm with +90/-65 degree vertical tilt; +90/-90 degree horizontal swivel; +90/-90 degree display rotation (portrait/landscape); Max arm extension 23.46"/596mm from the pole; Max height 5.8-20" (147 - 507mm) from the desk
- EASY INSTALLATION: Interchangeable c-clamp that can be secured by hand to a desk/grommet hole (20 - 110 mm thick); Tools are included to adjust articulation/tension of the arm. Featuring a quick-release VESA plate to easily attach display to the mount
