

1U Blanking Panels - Tool Less Blank Rack Panels - 10 Pack

Product ID: BLANKP10

This 10-pack of 1U blanking panels can help you to improve the appearance and airflow of your EIA-310 compliant 19 in. server rack.

These blank rack panels create a clean and professional look by covering empty rack spaces and visible cables, for a more organized server room.

For fast and easy installation, these rack blanks feature a tool-less design that latches onto a standard 19 in. server rack (with square mounting holes) saving you time and hassle.

The filler panels feature a solid design that helps guide airflow down the back of your rack-mounted equipment, rather than through unused units of rack space. This helps expel any operating heat from your rack-mounted equipment, to keep it running at optimal temperatures.

Each of the blanking panels that are included with BLANKP10 is backed by a 5-year StarTech.com warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Fill in unused gaps between equipment in server racks and cabinets
- Help guide the airflow along the back of your rack, instead of passing between your rack-mounted equipment

Features

- Create a tidy and professional look by covering unused rack space
- Hassle-free installation with tool-less design
- Promotes passive cooling within your rack by directing airflow
- 10 blanking panels included to fill up to 10U of rack space
- 1U panels mount to any EIA-310 compliant 19 in. server rack
