

## 100 ft Cat5e Blue Snagless Shielded RJ45 STP Cat 5e Patch Cable - 100ft Patch Cord

**Product ID:** S45PATCH100B

StarTech.com's Cat5e Shielded F/UTP Snagless Patch Cables offer reliable Ethernet connections. This 100ft cable meets or exceeds all Category 5e specifications and features a durable blue jacket that simplifies departmental color coding while providing rugged flexibility for network connections.

To reduce susceptibility to EMI/RFI and near end cross-talk, the patch cable is shielded throughout the length of the cable, as well as around the RJ45 connectors. Our Cat5e Shielded F/UTP Snagless Patch Cables also feature a snagless design that protects the RJ45 clip from snagging during installation, as well as PVC molded strain relief that prevents the RJ45 connector termination point from bending at sharp angles - reducing the risk of cable damage.

StarTech.com's Cat5e Shielded F/UTP Snagless Patch Cable is constructed of top quality materials (100% copper conductors, 24 Gauge Wire, 50 micron Gold Connectors) to ensure optimum durability and performance, and backed by our Lifetime Warranty.
