

TE Internal #: K1022698
10 A Snap Action Switch, Single Pole - Double Throw Configuration
(Pole-Throw), Plunger, 24 VDC, 250 VAC, Vertical, Micro, Solder
Lugs
[View on TE.com >](#)

Switches > Snap Action Switches

Contact Current Rating: **10 A**
Configuration (Pole-Throw): **Single Pole - Double Throw**
Actuator Style: **Plunger**
Operating Voltage: **24 VDC**

Features

Product Type Features

Sealing Option	Not Sealed
Actuator Style	Plunger
Switch Style	Micro
Switch Connection Type	Solder Lugs

Configuration Features

Configuration (Pole-Throw)	Single Pole - Double Throw
----------------------------	----------------------------

Electrical Characteristics

Contact Current Rating	10 A
Operating Voltage	24 VDC

Body Features

Product Orientation	Vertical
---------------------	----------

Contact Features

Switch Contact Plating Material	Silver Alloy
---------------------------------	--------------

Industry Standards

IP Rating	IP40
-----------	------

Product Compliance

For compliance documentation, visit the product page on TE.com>

EU RoHS Directive 2011/65/EU	Compliant
EU ELV Directive 2000/53/EC	Compliant
China RoHS 2 Directive MIIT Order No 32, 2016	No Restricted Materials Above Threshold
EU REACH Regulation (EC) No. 1907/2006	Current ECHA Candidate List: JAN 2025 (247) Candidate List Declared Against: JUNE 2023 (235) Does not contain REACH SVHC
Halogen Content	Not Yet Reviewed for halogen content
Solder Process Capability	Not reviewed for solder process capability

Product Compliance Disclaimer

This information is provided based on reasonable inquiry of our suppliers and represents our current actual knowledge based on the information they provided. This information is subject to change. The part numbers that TE has identified as EU RoHS compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, mercury, PBB, PBDE, DBP, BBP, DEHP, DIBP, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2011/65/EU (RoHS2). Finished electrical and electronic equipment products will be CE marked as required by Directive 2011/65/EU. Components may not be CE marked. Additionally, the part numbers that TE has identified as EU ELV compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, and mercury, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2000/53/EC (ELV). Regarding the REACH Regulations, TE’s information on SVHC in articles for this part number is still based on the European Chemical Agency (ECHA) ‘Guidance on requirements for substances in articles’(Version: 2, April 2011), applying the 0.1% weight on weight concentration threshold at the finished product level. TE is aware of the European Court of Justice ruling of September 10th, 2015 also known as O5A (Once An Article Always An Article) stating that, in case of ‘complex object’, the threshold for a SVHC must be applied to both the product as a whole and simultaneously to each of the articles forming part of its composition. TE has evaluated this ruling based on the new ECHA “Guidance on requirements for substances in articles” (June 2017, version 4.0) and will be updating its statements accordingly.
