

Advanced Antenna Solutions for Public Safety

Taoglas offers a number of high-performance antennas designed with First Responders in mind. These antennas support all cellular bands including sub 6GHz 5G bands, LTE, and FirstNet Band 14, and dedicated for use with first responder applications. Antennas are available in combinations up to 17-in-1 with adhesive and permanent mounting options. Cable length and connectors are customizable.

Guardian X Series
Up to 17 combinations of GNSS, 5G/4G, and Wi-Fi 6 in a low-profile, IP67 rated panel

Synergy Series
Up to 11 combinations of GNSS, 5G/4G, and Wi-Fi 6 in a low-profile, IP67 rated permanent mount

Raptor III Series 7-in-1
Shark Fin 7-in-1 antenna with LMR whip

Guardian Series 6-in-1
GNSS, 5G/4G, and Wi-Fi 6 in a low-profile IP67 rated, small panel

I-Bar - GSA.8841
Small form factor, wideband 5G/4G adhesive mount antenna

Hercules - MA520 2-in-1
2-in-1 GNSS and 5G/4G permanent mount antenna

Shockwave Series
5G/4G terminal mount antenna

Sentinel - MA250 3-in-1
Small profile, adhesive mount 3-in-1 GNSS and 4G antenna

Shockwave Series
5G/4G terminal mount antenna with cable and connector

Pantheon - MA752 5-in-1
Permanent mount antenna with up to 5-in-1 GNSS, LTE, and Wi-Fi

Genesis II - MA275
5-in-1 GNSS, 5G/4G, and Wi-Fi in a low-profile adhesive mount enclosure

Permanent Mount Solutions

Synergy - MA1511

11-in-1

Up to 11 combinations of GNSS, 5G/4G, and Wi-Fi 6 in a low-profile, IP67 rated permanent mount enclosure.

Hercules - MA520

2-in-1

2-in-1 GNSS and LTE low profile permanent mount antenna.

Raptor III - MA1280

7-in-1

Shark Fin 7-in-1 antenna with LMR whip.

Pantheon - MA752

5-in-1

Permanent mount antenna with up to 5-in-1 with GNSS, 2 x LTE and 2 x Wi-Fi.

Shockwave - TLS.01.1F11

5G/4G robust terminal mount antenna.

Shockwave - TLS.01.1F21

5G/4G terminal mount antenna with cable and connector.

Adhesive Mount Solutions

Genesis II - MA275

5-in-1

Up to 5-in-1 adhesive mount combination antenna with GNSS, LTE and Wi-Fi.

Sentinel - MA250

3-in-1

Small profile, adhesive mount 3-in-1 4G LTE MIMO and GPS/GLONASS/Galileo/BeiDou L1 antenna.

Guardian - MA931

6-in-1

Up to 6 combinations of GNSS, 5G/4G, and Wi-Fi 6 in a small, low-profile, IP67 rated panel.

Guardian X - MA9917

17-in-1

Up to 17 combinations of GNSS, 5G/4G, and Wi-Fi 6 in a low-profile, IP67 rated panel antenna.

I-Bar GSA.8841

Small form factor, wideband LTE adhesive mount antenna.
