Subject: Zilog Test Operations: Status Update

Our Philippines test production is now in limited operation, but the situation is still very fluid and day to day.

The Zilog Customer Service team will continue to provide a weekly backlog update to Distributors and Direct Customers, including additional column to show tentative schedule dates.

Employee health and safety is paramount in this situation and we will continue to comply with the Government quarantine requirements and restrictions.

For any additional questions please contact [csr@zilog.com](mailto:csr@zilog.com)

Sincerely,

A handwritten signature in black ink, appearing to read "Alan Shaw". The signature is fluid and cursive, with the first name "Alan" and the last name "Shaw" clearly distinguishable.

Alan Shaw  
Vice President of Operations (MCU)  
Zilog – A Littelfuse Company
