European Regulation REACH EC 1907/2006 STATEMENT

European Community Regulation No. EC 1907/2006 of 18 December 2006 concerning the **Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)**

EAO is a global supplier of electrical and electronic switch products and accessories, keypads, keyboards, control panel assemblies, and CAN interfaces for transportation, machinery, telecommunications, process control, lifting and moving equipment, and automotive sectors.

Since the publication of the Candidate List under Article 59 of the REACH Regulation on 28 October 2008, and its subsequent updates in accordance with Article 33(1) up to **5 November 2025** – currently listing **251 substances of very high concern (SVHC)** – suppliers are obliged to inform their industrial customers in the EU about the presence of such substances in their products if their concentration exceeds 0.1% by weight. Suppliers of such articles must provide sufficient information to ensure safe use, which must include at least the name of the relevant substance.

To the best of our current knowledge, the substance most recently added to the SVHC list on 5 November 2025 is **present** in some of our products as flame retardant.

Many products of EAO AG **do contain reportable substances** in accordance with Article 33, paragraphs 1 and 2 of the REACH Regulation.

Detailed information about these substances and the affected products is available on our website at:

<https://eao.com/download/certificates-reach-list/en>

Furthermore, EAO complies with the applicable restrictions outlined in **Annex XVII** of the REACH Regulation.

Should you require further information or have any questions, please do not hesitate to contact us.
