Security Power Supply Solutions

As a global leading standard power supply manufacturer, MEAN WELL follows high market demand of security industry and provides complete security power solutions to fulfill market trend.

MEAN WELL's security power supplies offer three installation types: Open frame, Enclosed type and DIN RAIL type for different application environments. It can be widely used in security control systems, fire protection facilities, emergency lighting systems, alarm systems, database center uninterruptible power systems, central monitoring systems and access control systems.

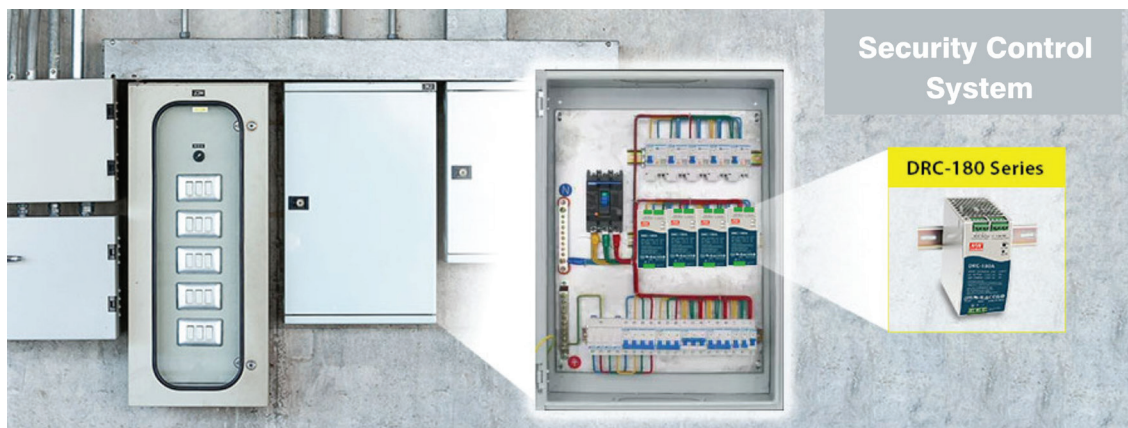

Security Power Series Quick Selection Guide

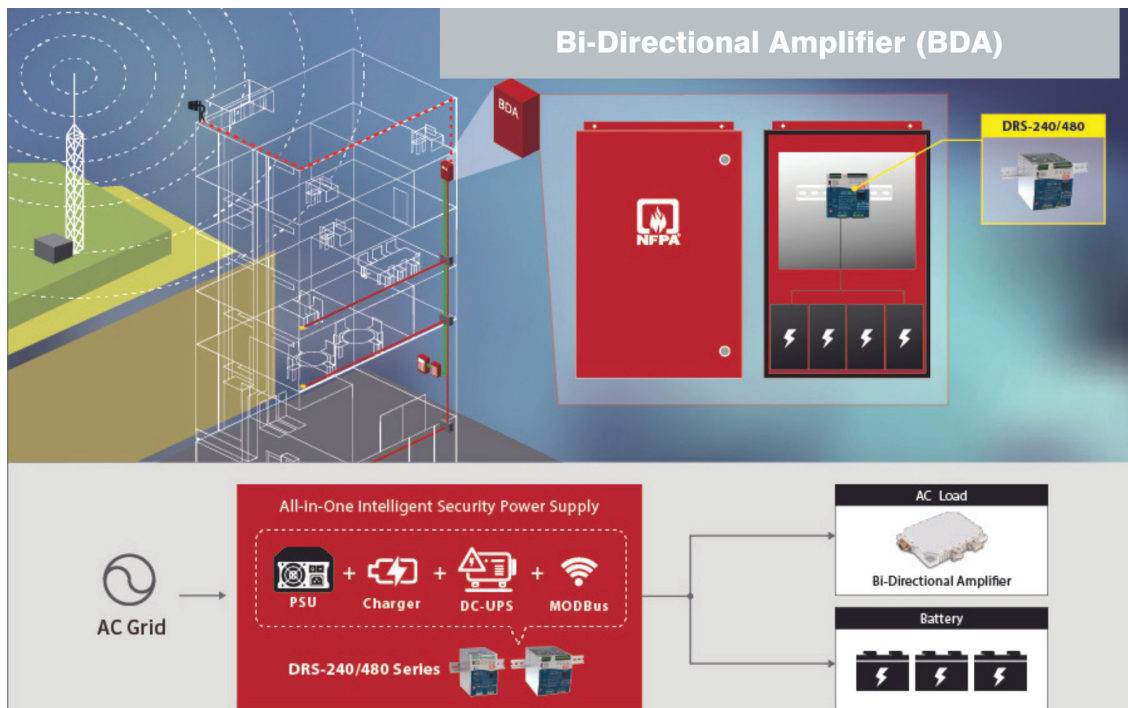

- Multiple features to cover basic, advanced, premium requirement
- Support three types of different installation environment
- Cover applications using 35W~480W

Product Profile	Type	Series Name	Watt	Function									Design ref. Safety
				Charger	Charging Adj.	UPS	AC OK	DC OK	BAT. Low	No BAT.	Alarm	Com	
Basic		SCP	35W 50W 75W										
		AD	55W 155W	✓									
Advance	Enclosed	 LAD	120W 240W 360W 600W	✓		✓	✓ (TTL)		✓ (TTL)		✓ (buzzer optional)	360/600w UART optional	GB17945
	Open-Frame	 PSC	35W 60W 100W 160W	✓		✓	✓ (RELAY)		✓ (TTL)				
	 DRC	 DRC	40W 60W 100W 180W	✓		✓	✓ (RELAY)		✓ (TTL)				
Premium	DIN-Rail (Quick Attach)	 DRS	240W 480W	✓	✓ (20~100%)	✓	✓ (RELAY)	✓ (RELAY)	✓ (RELAY)	✓ (RELAY)	✓ (MODBus)	✓ (MODBus)	UL2524 EN54-4 GB17945
