

SIM Card Connectors ***FMS006(8) Series***

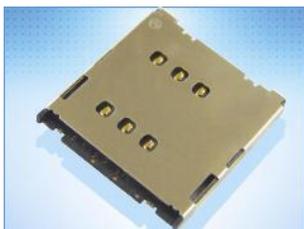

FMS006-2340-0-VE

Product Overview

- Supports Standard & Reverse Mount designs
- Various card operating options: Push-Push, Push-Lock, Manual, Clam-Shell
- Supports Mega-SIM card (8pin)
- Automotive Grade Product Available

FMS006(8) SIM Card Products Overview

| Part Number | Mounting Orientation | Product Design Highlights |
|------------------|----------------------|--|
| FMS006-2620-0 | Standard SMT | Push-Push Automotive Grade Performance |
| FMS006-2310-0-VE | Standard SMT | Push-Lock Type without Card Detection Automotive Grade Performance |
| FMS006-2340-0-VE | Standard SMT | Push-Lock Type with Card Detection Automotive Grade Performance |
| FMS008-6001-0 | Standard SMT | Push-Push for 8pin Mega-SIM card, Automotive Grade Performance |
| FMS006-3710-0 | Standard SMT | Tray Type (Tray: FMA006-3700-0) |
| FMS006-3810-0 | Reverse SMT | Tray Type (Tray: FMA006-3800-0) |
| FMS006U-3000-0 | Standard SMT | Manuel Type with Card-Stopper |
