

LAPP

Rockwell Compatible SERVO Motor Cable Assemblies

LAPP Harnessing Solutions builds and stocks servo cable assemblies for Rockwell VPL and MPL motors. We deliver compatibility, durability, and reliability where it matters most.

Partner with LAPP for your 2090-series Rockwell SERVO Motor Cable Assembly needs:

Compatibility: Seamless integration with Rockwell motors.

Rapid Delivery: Standard lengths in stock: 5m, 10m, 15m, 20m, 25m, 30m.

Durability: Continuous flex and stationary options for your most demanding applications.

Reliability: Precision testing and validation.

Local Expertise: Built in North America means local shipping and support.

Trusted Experience: Over 40 years of cable assembly experience.

Custom cable assembly available: Co-engineered with you to meet your requirements.
