

Grove Shield FeatherWing for Particle Mesh

Product ID: 4309

Product Overview

10-12-2021

For the most up-to-date information, visit www.mouser.com or the supplier's website.

Description

Adafruit Grove Shield FeatherWing for Particle Mesh and all Feathers is an add-under for Particle Mesh or Feather board, which is used to easily interface with Seeed's huge collection of Grove sensors. The users can get the full range of hundreds of Grove modules with Particle Mesh along with the Feather line. Working with Grove requires no soldering. Just plug the sensors, actuators, or displays into this shield via a Grove cable (not included).

The 8 Grove connectors on this shield includes:

- 3 Grove analog connectors, 2 analog pins each, and 6 analog pins in total
- 2 Grove digital connectors, 2 digital pins each, and 4 digital pins in total
- 2 Grove I²C connectors (these will also fit our 4-pin STEMMA connectors)
- 1 Grove UART connector

Features

- 8 Grove connectors
- 3.3V compatible
- User guide
- Product dimensions: 57.6mm x 53mm x 11.8mm
- Product weight: 18.7g / 0.7oz
