## Description

Adafruit 4520 1.3inch 240 x 240 Wide-Angle IPS TFT Display is a 16-bit full-color pixel display that looks great up to 80-degrees off-axis in any direction. The display supports the ST7789 TFT driver which is similar to the popular ST7735. This device is just a TFT display module and no PCB is included. The IPS TFT display is RoHS 2 compliant and comes with 26mm x 26mm of screen dimension.

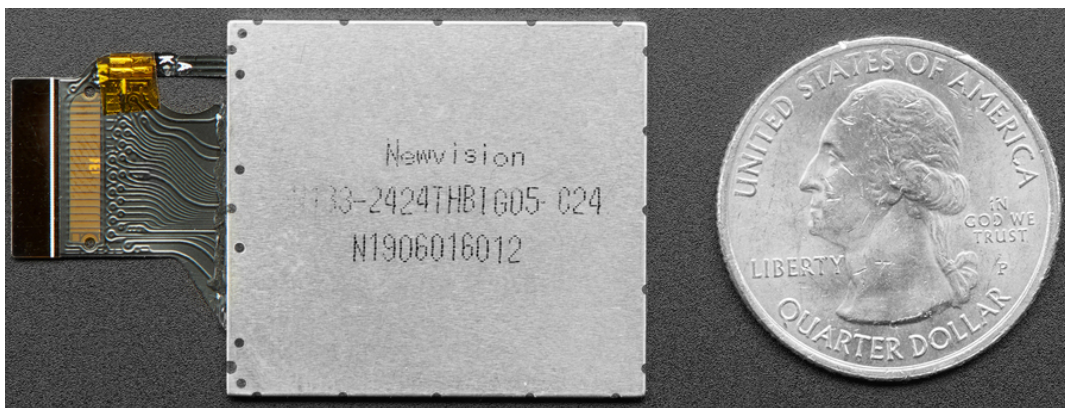

For the matching connector, a 24-pin 0.5mm pitch bottom contact FPC connector is needed, such as Amphenol SFV24R-2STE1HLF.

## Features

- 16-bit full-color pixel display
- Supports the ST7789 TFT driver
- No PCB is included
- 26mm x 26mm screen dimensions
- RoHS 2 compliant
