

# Seeed Studio Grove-Speaker Plus

101020853

## Product Overview

08/11/2022

For the most up-to-date information, visit [www.mouser.com](http://www.mouser.com) or the supplier's website.

## Description

Seeed Studio Grove-Speaker Plus includes a powerful amplifier driver board and a fancy speaker. With the help of the on-board potentiometer, users can easily adjust the output volume. The speaker can be replaced with other speakers, as it adopts separated and replaceable speaker design. The speaker generates different tones with different input frequencies and is easy to control with the PWM signal.

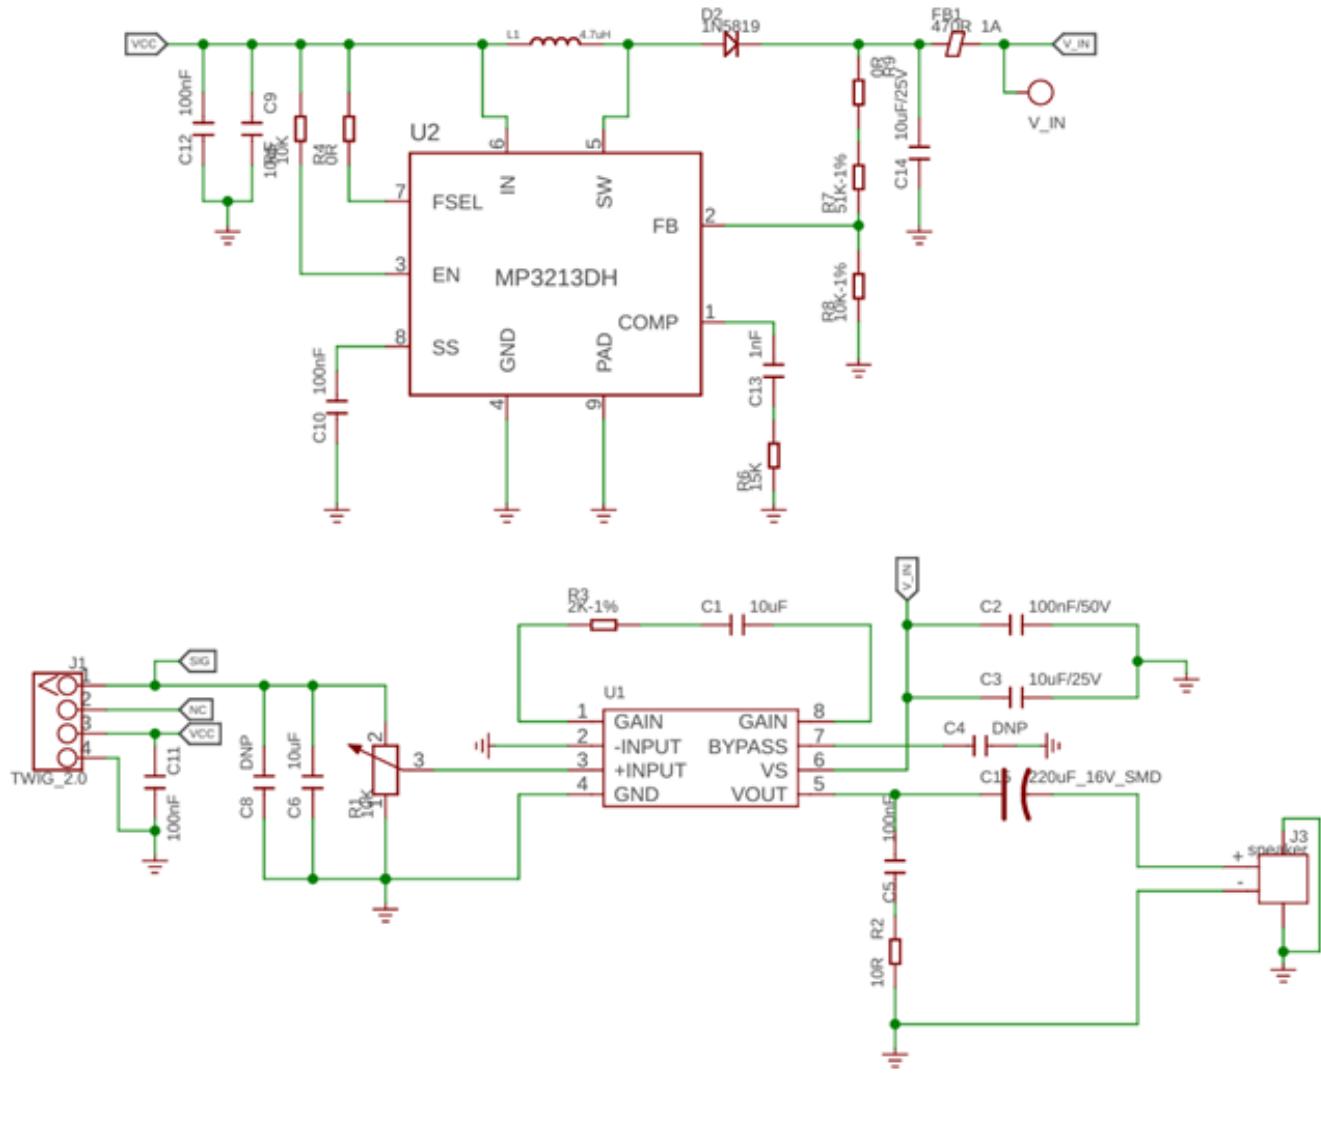

This grove-speaker plus creates distinctive sound effects, play favorite songs, or build own music box with easy coding or large number of existing music code. The speaker features a good sound quality speaker with high volume and sound adjustable function with an onboard potentiometer. This grove-speaker plus is available in 130mm x 90mm x 12mm dimensions.
