

# LilyPad Vibe Board

DEV-11008

## Product Overview

05-30-2022

For the most up-to-date information, visit [www.mouser.com](http://www.mouser.com) or the supplier's website.

## Description

SparkFun LilyPad Vibe Board is integrated with a small but powerful vibration motor that operates at 5V. This board works great as a physical indicator without notifying anyone but the wearer. Each LilyPad was creatively designed to have large connecting pads to allow them to be sewn into clothing. This version uses a surface mount motor which is less likely to be damaged during use. The LilyPad vibe board features 20mm outer diameter and comes in a 0.8mm thin Printed Circuit Board (PCB).

## Features

- 20mm outer diameter
- 0.8mm thin PCB
