## Description

Sparkfun KIT-14639 Unigeek Unicorn Soldering Badge Kit helps to learn the basics of Plated Through-Hole (PTH) and Surface Mount Device (SMD) soldering by assembling a light-up unicorn badge. This Unigeek soldering kit takes about 5 to 15 minutes to assemble with the basic soldering materials. The KIT-14639 includes a multicolored unicorn PCB, a CR2032 battery holder, a pin back, and an RGB LED for the eye that slowly changes colors while powered on.

Please note: Since this product is a kit, assembly and a basic knowledge of soldering will be required. The Unigeek Badge does not come pre-assembled.

## Features

- 1x Unigeek unicorn PCB
- 1x Color changing rainbow LED
- 1x SMD CR2032 battery clip
- 1x Badge pin and clip
