

# LilyPad Simple Power

DEV-11893

## Product Overview

03-28-2022

For the most up-to-date information, visit [www.mouser.com](http://www.mouser.com) or the supplier's website.

## Description

SparkFun LilyPad Simple Power is a simple e-textile board that connects and charges a lipo battery with a 500mA charge rate. A JST connector is provided along with a slide switch. This LilyPad simple power development tool will help the user in adding a bit of an extra power to the next wearable circuit.
