# Qwiic Shield for Teensy
DEV-17119

Product Overview
11-25-2021
For the most up-to-date information, visit www.mouser.com or the supplier's website.

Description

SparkFun Qwiic Shield for Teensy provides a quick and easy way to enter into the Qwiic ecosystem with Teensy boards. This shield is sized to work with the footprint of Teensy 4.0, Teensy 3.2, and Teensy LC. The Qwiic shield connects the I^{2}C bus (GND, 3.3V, SDA, and SCL) on the Teensy to four Qwiic connectors (two horizontally and two vertically mounted).

This shield comes with the Teensy header kit and the headers need to be soldered to the shield. The Qwiic shield features the PROG button with satisfying tactile feedback. This shield is RoHS compliant.

Features

- Teensy 4.0, 3.2, or LC footprint compatible
- 4x Qwiic connection ports
- "PROG" button w/ satisfying tactile feedback
- I^{2}C Jumper
- 3.3V and GND buses
- RoHS compliant

Kit Contents
