

# LilyPad Button Board

DEV-08776

## Product Overview

11-10-2021

For the most up-to-date information, visit [www.mouser.com](http://www.mouser.com) or the supplier's website.

## Description

SparkFun LilyPad Button Board is designed to give the user a low profile button without any sharp edges. The button closes when you push it and opens when you release (momentary push button). The LilyPad button board comes in 8mm x 16mm dimensions with 0.8mm thin PCB.

Note: Each LilyPad was creatively designed to have large connecting pads to allow them to be sewn into clothing.

## Features

- 8mm x 16mm dimensions
- 0.8mm thin PCB
- Suitable for wearable e-textile technology
