

Zio Qwiic OLED Display

LCD-15890

Product Overview

11-18-2021

For the most up-to-date information, visit www.mouser.com or the supplier's website.

Description

SparkFun Zio Qwiic OLED Display shows a maximum of 16 lines of text content, display pictures, and animation on its 1.5" display. The device is ideal for small embedded systems and suitable for any projects that require displays of any kind. The Zio Qwiic OLED Display has two Qwiic connectors on its backside, meaning soldering is not required to connect the device to a project.
