## Description

Adafruit Official Raspberry Pi 4 Case Fan and Heatsink is designed to push the performance of the Raspberry Pi and for overclocking. This case fan and heatsink is compatible with the Raspberry Pi 4 and the Raspberry Pi 4 case. The Raspberry Pi 4 case fan and heatsink keeps the Raspberry Pi 4 at a comfortable operating temperature even when under heavy load. This case fan and heatsink includes a mini heatsink that goes on top of the CPU and a fan that clips into the official Raspberry Pi 4 case.

## Features

- Fits perfectly into Raspberry Pi 4 case lid
- The temperature-controlled fan delivers up to 1.4CFM of airflow over the processor memory, and power management IC
- 18mm x 18mm x 10mm dimensions heatsink with a self-adhesive pad improves heat transfer from the processor
