

micro:bit v2 Go Club 10-Pack

4833

Product Overview

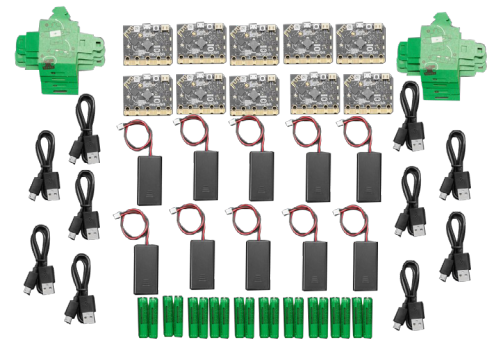

09/07/2022

For the most up-to-date information, visit www.mouser.com or the supplier's website.

Description

Adafruit micro:bit v2 Go Club 10-Pack is upgraded with a powerful new processor with more capability. This micro:bit v2 fits into existing lessons and materials. All the existing MakeCode blocks and MicroPython code will work in the same way as they do on the original micro:bit. The micro:bit v2 club 10-pack includes batteries, battery holders, and micro-USB cables.

The micro:bit v2 club 10-pack features a Nordic nRF52833 processor, MEMS microphone, speaker, and capacitive touch sensor.

Features

- A more powerful Nordic nRF52833 processor, more RAM, and Flash, so MicroPython works a lot better
- A MEMS microphone
- A speaker, provides audio feedback and plays tones
- Capacitive touch sensor
- Power saving mode, double click the reset button to enter low power mode

Kit Contents

- 10x micro:bit v2 board
- 10x 6" long micro-USB cable
- 10x battery holder for 2xAAA
- 20x AAA battery
