

ORION FANS

RUBBER FAN ISOLATORS

RUBBER FAN ISOLATORS FOR VIBRATION DAMPENING

Orion Fans Rubber Fan Isolators are designed to dampen the vibration of the fan it's mounted to, allowing for quieter operation. The isolators are also used to protect the fan from potential damage during install or use of the fan.

FEATURES AND BENEFITS

- High quality rubber for durability
- Install into standard fan screw holes
- 4mm size
- Fan Hole Size Range: 4.1 - 4.5mm
- Packs of 100, 250, and 1000
- Toolless installation
