

# USB Type-C Additions

Adam Tech further enhances their robust line of USB connectors with additional USB-C 2.0, 3.2, and 4.0 products. Each category of additions is available in a variety of options, including data speed, orientation, mount technology, and with or without a waterproof IP rating. These additions to our product line ensure that customers have the USB connector they need for any application.

	USB Standard	Pin Count	Data Speed	Orientation	Mount Type	Mount Technology	IP Rating (Non-IP Rated Available)
USB-C 4.0	USB4 Gen3x2 & 2x2	24	20Gbps 40Gbps	Right Angle Vertical	Middle Top	Hybrid SMT	IPX8
USB-C 3.2	USB 3.2 Gen 2x1 & 1x1	24	5Gbps 10Gbps	Right Angle Right Angle Upright	Middle Top	Hybrid SMT	IPX7
USB-C 2.0	USB 2.0 & Power Only	3, 6, 14, 16, 24	480Mbps	Right Angle Right Angle Upright Vertical	Middle Top	Hybrid SMT/TSMT Through-Hole	IPX8 IPX7

## FEATURES AND BENEFITS:

- Data speeds ranging from 480Mbps to 40Gbps
- Reversible USB Type-C
- Various orientation and mounting options
- Waterproof IP rated versions available
- USB-IF certified
- UL recognized
- RoHS compliant

## APPLICATIONS:

- Device power charging
- Device data transfer
- Device video and audio transmission
- Multi-media systems
- Computers and peripherals
- Consumer electronics
