

Introducing **Amphenol** Pcd's

Pegasus

Metalized Connector Series

Transform your
Work Horse

Pegasus

Soaring above the field in EMI price and performance

Key Features and Benefits

- **Lightweight** ULTEM material for rugged, environmental resistance (175C)
- Nickel over copper plate for **EMI shielding** (DO160 Section 21, L&M)
- Highly Reliable ¼ turn CAM lock, bayonet style mating for ease of use, **blind mate connections**
- **High Shock & vibration resistance** for high stress applications (300G / 30G / 43G)
- **Lower cost** than comparable solutions
- Multiple **sizes, keys, and configurations** meet all application needs

Target Applications

Missiles

- High shock & vibe for launch & trajectory
- EMI Shielding for jamming resistance
- Power & control signal distribution

Power Generation

- EMI Shielded to DO-160G Section 21 Cat L&M
- AC Powered LED
- Inseat power – AC to DC conversions

UAVs

- Light weight for extended range
- High reliability
- EMI Shielding for jamming resistance
- Power & control signal distribution

Communication

- EMI Shielded to DO-160G Section 21 Cat L&M
- IFE systems
- CAN Bus – serial communications links
- Ethernet – intersystem links
- USB – inseat link to main hub

Release Schedule

Phase 1 Release 1Q15 – Now!

SJS425120P / SJS425110P / SJS425160P	25pin, size 22
SJS112110P / SJS112120P / SJS112160P	12pin, size 22
SJS840300P / SJS840310P / SJS840320P	3pin, size 16
SJS830200P / SJS830100P / SJS830220P	8pin, size 22
SJS830270P / SJS830250P	2pin, size 22

Future Releases 2Q15+

SJS837100P / SJS837100P / SJS837100P	size 7 backshells
SJS860910P / SJS860900P	4 size 16, 5 size 22
SJS860510P / SJS860500P / SJS860520P	5 pin, size 22
SJS840400P / SJS840410P	4 pin, size 16
SJS830210P / SJS830230P	3 pin, size 22
SJS862300P / SJS862400P / SJS862450P	3 pin, size 20
SJS861700 / SJS861800	6 pin, size 22
SJS862100 / SJS862200	9 pin, size 22
SJS861100P / SJS861200P	4 size 16, 6 size 22
